The purpose for the emergency meeting is to approve the purchase and hauling of road material for the Jefferson County Engineers Chip and Seal program that is to begin within two weeks; and to approve hiring Vince Dowdle for the road findings for Young Road, taking off of Non-Maintain Status.

The Trustees requested three quotes, one each from Davis Trucking, Mullens Hauling, and Rawson Hauling, for the purchase and hauling of DOT #8 rock for the Jefferson County Engineer’s Chip and Seal program. Trustee Kamerer stated Davis Trucking was unable to provide a quote at this time. He noted that Mullens Hauling quoted \$9,384.38 and Rawson Trucking quoted \$9,625.00. Trustee Roe entertains a motion to approve the lower bid of Mullens Hauling at \$9,384.38.

25-07-10 Trustee Kamerer motioned to approve the purchase of the required DOT #8 rock material from Mullens Hauling at the quoted price of \$9384.38. Trustee Batenburg seconded the motion and it passed 3:0

The Trustees have determined the center of Young Rd needs to be officially set by a surveyor. Trustee Batenburg stated the Township has used Vince Dowdle on numerous other projects and suggests, since their rate is usually \$150.00/hr, that the Township hire him to perform the necessary functions to locate the center of Young Rd and determine the right of ways for the purpose of fixing the road and taking it off the current non-maintain status.

25-07-11 Trustee Batenburg motioned to approve hiring Vince Dowdle to survey Young Rd, determining the center mark and establishing the right of ways for the repair/maintenance on Young Rd to begin the process of changing the non-maintained status to maintained status in the future, with the bill not to exceed \$5,000.00. Trustee Kamerer seconded and it passed 3:0.

With no further business, Trustee Roe entertains a motion to adjourn.

25-07-12 Trustee Batenburg moved to adjourn the meeting at 5:03pm. Trustee Kamerer seconded and it passed 3:0.
